Important Information Regarding the Closure and Wind up of the Evergreen Retirement Trust

The Evergreen Retirement Trust ("ERT") has been closed and is winding up. Some of ERT's assets are illiquid and as a consequence the winding up process could take some time. It is expected that the winding up process will be fully completed, and a final distribution of proceeds will be made around December 2019 (although it may be later than that). Prior to the final distribution of wind up proceeds, partial distributions may be made as ERT's assets are realised.

I hereby confirm that:

1. I request and consent to the payment of my winding up proceeds from the Evergreen Retirement Trust to the Receiving Scheme noted above. I understand that after completion of such payment, neither I nor my spouse, civil partner or dependents will have any entitlement under the Evergreen Retirement Trust.
2. I indemnify the scheme manager and Trustee of the Evergreen Retirement Trust against any action taken in respect of the information that I have provided and also against any losses, liabilities or expenses (including legal fees) resulting from that information being incorrect or incomplete.
3. I acknowledge that the Receiving Scheme may not be regulated by New Zealand law and that as a consequence there may be no obligation under the law on the Receiving Scheme or its Trustees to provide any particular value or benefit in return for the transfer of my winding up proceeds.
4. I understand that the amount of assets shown in my Evergreen Retirement Trust balance is not guaranteed and may fluctuate and the exact value will not be known until the payment of my winding up proceeds to the Receiving Scheme has been completed. The total amount of the winding up proceeds I ultimately receive will be different to the values shown in my Evergreen Retirement Trust balance from time to time due to a number of factors including changes the value of the underlying investments.
5. I understand that due to some of the Evergreen Retirement Trust's assets being illiquid it may take some time to complete the transfer of my winding up proceeds to the Receiving Scheme. I understand that the final transfer payment is expected to be made around December 2019 (although it could be later than that), however partial transfer payments may occur before that final payment is made.
6. I have read and understood this document.
